

How to use this site

Looking for a tourism consultant, tourism marketing specialist, PR agency, researcher, designer or some one who can help you develop and promote your tourism destination or business? This is the site that makes it easier for you. All the Tourism Experts listed on this site come highly recommended by their harshest critics - industry colleagues.

There are two easy ways to find a Tourism Expert to help you:

1) Just type the kind of expertise you're looking for in the search box at the top of the page and click "search"

2) Just go straight to the Recommended Experts page and browse the listings

Everyone listed comes highly recommended. And don't forget - we rely on recommendations so if there's a Tourism Expert you think is particularly good, please contact us and we'll invite them to be listed on the site.

Joomla! features:

- Completely database driven site engines
- News, products or services sections fully editable and manageable
- Topics sections can be added to by contributing authors
- Fully customisable layouts including left, center and right menu boxes
- Browser upload of images to your own library for use anywhere in the site
- Dynamic Forum/Poll/Voting booth for on-the-spot results
- Runs on Linux, FreeBSD, MacOSX server, Solaris and AIX

Extensive Administration:

- Change order of objects including news, FAQs, articles etc.
- Random Newsflash generator
- Remote author submission module for News, Articles, FAQs and Links
- Object hierarchy - as many sections, departments, divisions and pages as you want
- Image library - store all your PNGs, PDFs, DOCs, XLSs, GIFs and JPEGs online for easy use
- Automatic Path-Finder. Place a picture and let Joomla! fix the link
- News feed manager. Choose from over 360 news feeds from around the world
- Archive manager. Put your old articles into cold storage rather than throw them out
- Email-a-friend and Print-format for every story and article
- In-line Text editor similar to Word Pad
- User editable look and feel
- Polls/Surveys - Now put a different one on each page
- Custom Page Modules. Download custom page modules to spice up your site
- Template Manager. Download templates and implement them in seconds
- Layout preview. See how it looks before going live
- Banner manager. Make money out of your site
